CFDFC employees organized a cookout as part of their fundraising efforts and participation in RI Torch Run to benefit RI Special Olympics held May 31, 2013. More than \$4,400 was raised through the cookout, t-shirt sales, raffle and donations.

In May, a commissary RFP was posted and the process of choosing a commissary vendor commenced. Two life safety capital projects were completed. Installation of new sprinkler valves for our existing fire protection system and installation of two dry chemical systems in our DVR and computer rooms.

For safety reasons, the facility has eliminated disposable razors. Only electric shavers are available for detainees to use.

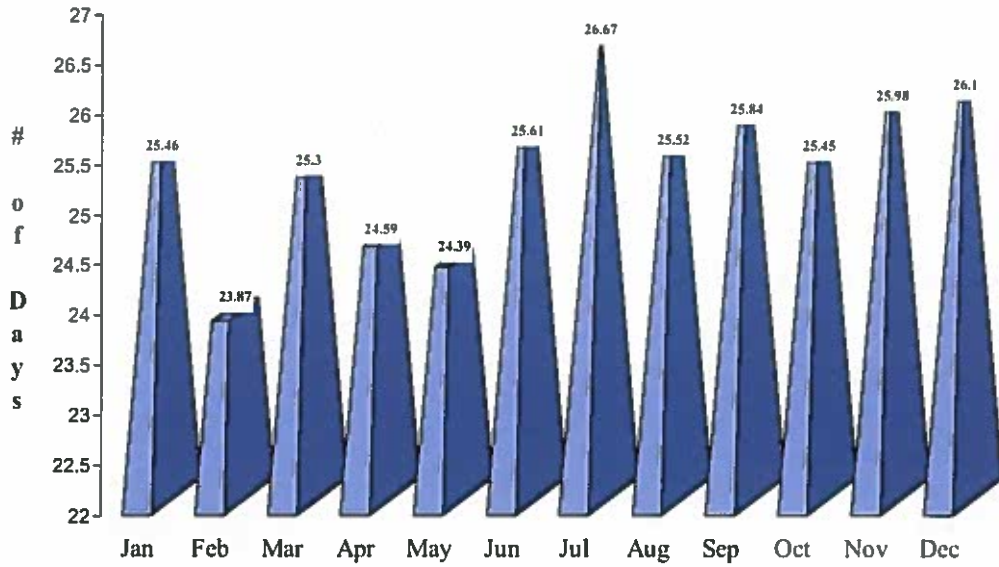

Wyatt employees continue to be active in the community. Thanksgiving meals, prepared by Aramark Correctional Services, were delivered to Progresso Latino to help provide a holiday meal. POSITIONING FOR THE FUTURE

Marketing

As we embark on 2014, the Corporation will aggressively pursue the implementation of the initiative with the US Department of Homeland Security Division of Immigration and Customs (ICE), and the Federal Bureau of Prisons (FBOP) re-entry program. As the administration looks to expand its services to the federal government, facility policies will be reviewed and updated to ensure compliance with ICE, as well as, the FBOP.

Additionally, new marketing material has been developed and distributed to emphasize the expansion of the detainee program offerings and the staffing enhancements throughout the facility.

Capital Improvements

The implementation of capital improvements projects began in 2013. Additional projects will be prioritized and initiated in 2014 to assure the bondholder's investment continues to be protected and maintained.

Community Support

Staff members shall continue their dedication to the community by supporting and participating in events such as the Central Falls Community Annual Spring Breakfast, the Rhode Island Special Olympics Torch Run, and the Making Strides Against Breast Cancer Walk as well as other activities that support the local economy and promote the facility as a good neighbor.

Ongoing Operational Reviews and Improvements

Operational and safety procedures will continue to be reviewed, updated, and implemented to assure that continued safe and secure operations as well as cost effective practices are in place for facility operations and administrative actions. The facility will undergo an American Correctional Association (ACA) reaccreditation audit in October 2014, Prison Rape Elimination Act (PREA) audit prior to August 2014, Office of the Federal Detention Trustee (OFDT), and the Quality Assurance Review (QAR). The United States Marshal Service (USMS) inspection and United States Navy inspection are also expected to be conducted in the upcoming year.

Staff Training and Development

The Corporation's state-of-the-art training facility will continue to provide our staff an environment to receive the latest techniques on safety, security and all training required by the American Correctional Association. The administration will continue to seek alternative sources of funding to implement additional safety and security training that will provide the most up-to-date training program available.
